On Saturday Evening.

The elimination contest for the 110 lb. class in the coming boxing tournament is said to have taken place at the local rink on Saturday evening between two local youths named Arthur and Carr. The casus belli of the struggle was lost sight of, and could not be ascertained afterward. Arthur got in a number of sledge-hammer blows on his opponent's beeper with his right; while the Carr boy seemed to specialize in short jabs with his left. The ice not giving secure enough foothold for the boxers, the participants moved over to dry land, where the struggle continued, the parties of the first part being urged to greater endeavors by the mixed assemblage of youthful ladies and gents. The Carr boy did not show any visible signs of damage having been done; but Arthur secured enough facial souvenirs to warrant his non-attendance at Sunday school the following day.

Motor Drivers, Attention

Licenses for 1928 may now be obtained from the Dept. of the Provincial Secretary, [Edmonton].

Those now operating cars will govern themselves accordingly. The Provincial Police have received orders to prosecute those persons driving without the necessary license.

It is well to note that the minimum fine under the Vehicles & Highway Traffic Act is \$10 and costs.

The buying of a license—which car drivers must eventually have—will save any prosecution.

Applications for 1928 motor licenses may be had at The Sun Office.

Hockey Notes.

Stony's Senior hockeyists took a fresh-air excursion to Edmonton on Saturday and played the Concordia boys. The members of the team fondly hoped they'd score a goal, as, hoping they'd win the game didn't seem a reasonable proposition. For the College boys the exercise was very beneficial, and put them in shape for a contest with a team more their equals. The Students piled up a score of half-a-dozen goals, and then settled down to playing the usual tight defence game. It is rumored in sporting circles that the Stony team didn't score a goal, altho they were accompanied by their Star player wearing his lucky pants. Ach mi!

SUNDAY SCHOOL LESSON

TWO MIRACLES OF POWER

Golden Text: "Who then is this, that even the wind and the sea obey Him?"

Lesson: Mark 4:35-5:20.

Devotional Reading: Psalm 104: 1-8.

Explanations and Comments

1. The Storm, 4:35-37.—On the day that Jesus spoke many parables (our last lesson), he said at evening to his disciples, "Let us go over unto the other side," for he would escape the multitudes and rest. They took him with them in the boat, even as he was. What an insight into the humanness of Jesus that little phrase—even as he was—gives us! The day had severely taxed His physical strength, and He was tired out. He needed rest even as do we. The boat had been his pulpit, and when his discourse was ended and the disciples set sail from the shore, he sank down in the stern and fell asleep.

"What strikes us here is that he has learned to relax—to use the language of today. No sooner was His work done, than He composed Himself to sleep, and as comfortably as possible He used the cushion as His pillow. Some people break down because they have never learned to relax. Their work done, they cannot rest. Their minds are still busy. If we are to work to the full, we must learn to drop the yoke swiftly and to rest with both mind and body. Jesus is an example in this also."—R. C. Gillie.

Suddenly there arose a great windstorm, and drove the waves into the boat so that it began to fill. There have always been sudden and violent storms on the Sea of Galilee.

The BABY

No mother in this enlightened age would give her baby something she did not know was perfectly harmless, especially when a few drops of plain Castoria will rid a baby's stomach and end almost any little ill. Fretfulness and fever, too; it seems no time until everything is serene.

That's the beauty of Castoria; its gentle influence means just what is needed. It does all that castor oil might accomplish, without shock to the system. Without the evil taste. It's delicious! Being purely vegetable, you can give it as often as there's a sign of colic; constipation; diarrhea; or need to aid sound, natural sleep.

Just one warning: It is genuine Fletcher's Castoria that physicians recommend. Other preparations may be just as free from all harmful drugs, but no child of this writer's is going to test them. Besides, the book on care and feeding of babies that comes with Fletcher's Castoria is worth its weight in gold.

KELLOGG HAS A KIND MESSAGE FOR CANADIANS

Ottawa.—"With no Imperial designs, with no wish for the territory of any other country, with a common history, common hopes and aspirations, we have in the past and we will in the future adjust our difficulties by peaceful means. If we have mutual acquaintance with each other's institutions, respect for each other's rights, tolerance and patience, there is no question which cannot and will not be adjusted between us."

In these words Hon. Frank B. Kellogg, Secretary of State for the United States, expressed to the Canadian people the feeling of Americans towards this and other countries in a banquet here, tendered in his honor by the Prime Minister of Canada, Right Hon. W. L. Mackenzie King.

Proposing the toast to Mr. Kellogg, the Prime Minister expressed the appreciation of Canadians at the honor done this country when Hon. Mr. Phillips was selected as first minister to Canada.

"We felt at the time he came," said Mr. Mackenzie King, "knowing his career at Washington and abroad, that we had every reason to extend to him a warm welcome. Now that he has been among us for some months, we feel we can extend to Americans generally the same welcome, due to the representation which Mr. Phillips has given us of the United States."

Replying to the toast, Mr. Kellogg declared President Coolidge had specially commissioned him to extend to the Government and the people of Canada his very best wishes and most sincere regards and also to express his thanks for the visit of the Governor-General and the Prime Minister. He expressed thanks for the reception accorded him, a "reception that far exceeded his anticipations." He was pleased to believe this was expressive of Canada's sentiments towards the United States.

"I think an event of surpassing importance to Canada, to the whole British Empire, and to the United States has occurred during my term of office as Secretary of State," said Mr. Kellogg, "the appointment of the first minister from the Dominion of Canada to the United States, and the appointment of the first United States minister to Canada. I feel this was a notable step between the British Empire and the United States—another link formed in our international relations making for more intimate acquaintance and facilitating the adjustment of the many questions arising between Canada and the United States."

Mr. Kellogg touched upon the gift of Canada to the American people of the memorial in Arlington cemetery, commemorating the sacrifice of the American-born soldiers who served and gave their lives in the Canadian armies.

"There is in each country a strong nationalistic feeling," said Mr. Kellogg, "you on your part of loyalty to your country and to your great Empire; we to our country. We are rivals in all those accomplishments which make great nations—in economic, scientific and educational developments; but it is rivalry without bitterness, a rivalry which tends to enhance the development of both countries. You have not grown and developed less because the United States has grown and developed with you. Rather, our efforts have supplemented each other."

Mr. Kellogg made reference to the long peace between Canada and the United States and declared that with tolerance and patience there was no question which could not and would not be adjusted. Experience, however, had shown that war in any part of the world could not fail to affect all nations.

"We are desirous of promoting peace. We should therefore lend our influence in every possible way consistent with our sovereign rights and institutions to aid in the advancement of peace," he declared.

Again President Of National Dairy Council

J. A. Caulder Unanimously Re-Elected By That Organization

Regina.—J. A. Caulder, retiring president of the National Dairy Council, was unanimously re-elected by that organization, when it held its first meeting of the year.

Mr. Caulder suggested in his address that it would be best to elect some eastern member to the presidency, as the important matters coming before the council this year, such as the revision of the Australian and New Zealand preferential tariff on butter, could be more efficiently handled by some one in close touch with the Ottawa headquarters of the council. He was, however, overruled by the other members.

Too Busy For War

U.S. Occupied With Domestic Affairs Says J. A. Spender

London.—Citizens of the United States are too busy with their own domestic affairs to dream of war, J. A. Spender, former editor of the Western Star Gazette, declared in a statement concerning his recent trip to the United States. He said he thought that officially there was a certain chill in the relations between Great Britain and the United States because of the results of the recent Geneva naval conference, but that this official chill was not reflected by the people of the United States, who feel goodwill for Great Britain.

The mountain overlooks the junction of the Alexander River with the North Saskatchewan from a point just south of the Alexander.

It is generally expected that Miss Sanderson will be fined and directed to leave the country.

He died without regaining consciousness.

Would Purchase Alaska

Matter Is Discussed By Members Of B.C. Legislature

Victoria.—The resolution of H. F. Kergin, Liberal, Atlin, suggesting that negotiations be opened with the United States for the acquisition by Canada of the Alaska Panhandle, was discussed in the Legislature here. The resolution requests the Dominion Government to take up the matter in an effort to arrive at an amicable agreement between the two countries. Debate on the motion was adjourned.

The history of the acquisition of the Alaskan territory by the United States was reviewed, together with the claims of Canada for the territory along the mainland of British Columbia by Mr. Kergin, and by Ian Mackenzie, Liberal, Vancouver.

Mr. Mackenzie said that recently the League of Nations had been responsible of the settling of many boundaries in Europe which differed materially from what they had been, that it was reasonable to suppose the question of the Alaskan Panhandle might be adjusted in the light of recent ideas as to equity among nations.

Canada, he said, could afford in fact, to pay for this stretch of land as much as the United States paid Russia for the whole of Alaska, if this was necessary.

May Be Acquired By Manitoba

Ottawa.—If the province of Manitoba wants the Seven Sister Falls on the Winnipeg River, in Eastern Manitoba, it can have them, and in any event the province will get preference in this respect before any private interests, states Hon. Charles Stewart, Minister of the Interior.

Discontinue Secret Service

Quebec Sports Big Attraction

Beginning end of December and running until the third week of March and featuring the Eastern International Exploited Derby, the Quebec City Winter sports is a magnet that brings the tourists from near and far. Illustration shows Governor A. Harry Moore, of New Jersey, and Mrs. Moore, taking a bob-sled run down the Dufrain Terrace just outside the Chateau Frontenac where they stayed over the New Year's holiday with a distinguished party from that State.

Protest Showing Of Edith Cavell Film

Might Exhibitor Relations With England Says German Government

Berlin.—The German government is making protests against the showing of a motion picture built on the career and execution of the English Nurse, Edith Cavell. The foreign office has issued this statement:

"The German ambassador at London and the German minister at Brussels are making all efforts to prevent the 'Nurse Cavell' film being shown to the public, their standpoint being such a film can only revive painful memories and embitter relations between the countries."

It was remarked that the film version of Edith Cavell's execution differs from the German official account. The official account contains nothing about a German officer having shot her to death with his revolver or about a German soldier in the firing squad having refused to obey the order to fire.

Memorial To Earl Haig

Premier Baldwin Has Suggested Erection Of Public Monument

London.—Premier Baldwin, in a glowing eulogy of the late Field Marshal Earl Haig, in the House of Commons, declared that the King be requested to order the erection of a public monument to the field marshal as an expression of the state's attitude.

Premier Baldwin's motion was carried after Ramsay MacDonald, Labor Leader, who associated himself with Mr. Baldwin's tribute, moved an unsuccessful amendment to the Premier's motion, whereby a committee should be appointed to consider the best form of memorial, in view of the field marshal's concern for the welfare of ex-service men, their widows and dependents.

Urge Harsh Measures

B.C. Council Of Women Recommend Lash For Drug Peddlars

Victoria.—Resolutions along social lines were adopted at the annual meeting of the Provincial Council of Women in session here.

One urged an amendment to the Opium and Drug Act of 1923, so that the offenders against the act might be punished with the lash. Copies of communication from the Hon. A. M. Manson, British Columbia Attorney-General, were read in connection with the discussion. One of these letters to the Hon. Ernest Lapointe, Minister of Justice, recommended the lash for such cases and noted that "the problem is probably more acute in British Columbia and Quebec than in other provinces."

May Reject Offer

Edmonton.—That the Alberta Government is not favorably inclined toward the Canadian National-Canadian Pacific offers for the taking over of the northern provincial railways and intends to recommend to the Legislature against acceptance of the offers was the announcement made by Premier Brownlee in the House here.

WESTERN DAIRY CONVENTION IS A BIG SUCCESS

Regina.—Reaching a high mark in attendance, the Western Dairy Convention, proved one of the most successful and profitable gatherings held in the west for some time.

J. J. Cochran, Kerrobert, conducted the producers' session of the convention when the importance of fodder crops in milk production was discussed by the delegates. Varying opinions as to the value of corn as a fodder crop were expressed during the discussion. It was apparent that some of the delegates had found corn too expensive a crop owing to the difficulty of getting it cut during the farmer's busy season.

G. G. Perriss, North Battleford, gave an interesting address on "The Influence of Our Boys and Girls in the Dairy Industry."

W. J. Cowie, Moose Jaw, gave the producers some facts and figures that revealed the real progress in scientific production in the Moose Jaw district under the guidance of the Moose Jaw Herd Improvement Association.

Professor L. M. Winters, animal husbandry department of the University of Saskatchewan, was accorded warm applause at the close of his informative paper on "Udder Diseases and Care of Cows During the Dry Period."

Coincident with the producers' session a special session of manufacturers was held, addresses on technical subjects relating to butter production being given by internationally known experts.

Dr. E. G. Hood, chief of the dairy division of the Federal department of agriculture, gave an interesting paper on "Further Studies on Surface Taints and a Modified Score Card for Exhibition Butters."

Professor O. E. Hummel, Chicago, spoke on the subject of "Butter Manufacture from Sour Cream." He stated it was better to concentrate on keeping cream fresh than to find means of making good butter from sour cream. When cream was permitted to sour before it left the farm, he said, it invariably imparted a bad flavor to the butter and also had a detrimental effect on the cans containing it.

Producers and manufacturers came together again at a luncheon under the auspices of the Canadian Society of Technical Agriculturists. Miss Helen Campbell, Ottawa, of the dairy branch of the Federal Department of Agriculture, spoke of the educational work being done to increase the consumption of milk and its products in Canada. Consumption in Canada was high enough to encourage them to further effort and less enough to be a challenge to increased effort, she said.

Propose Pension For Veterans

Ottawa.—Alfred Speakman, U.F.A., Red Deer, will propose in the House of Commons a resolution calling on the Government to consider the advisability of introducing this session such legislation as would provide for the payment of pensions to all former members of the Canadian expeditionary forces who are totally incapacitated, even when attributable to war service cannot be proven in such cases.

Here and There

Winnipeg.—The British boy im-
migration scheme has been adopt-
ed by the Manitoba Provincial Govern-
ment, and about fifty lads will be
brought here this year for place-
ment on farms in the province. Hon.
A. Prefontaine, Minister of Immi-
gration, announced. First the boys
will be placed at the Manitoba
Agriculture College for preliminary
training in farm work.

Calgary.—Two commercial air-
plane transport projects are being
developed in Calgary. One calls
for the use of airplanes carrying
twenty persons each, to be used prin-
cipally for passenger, freight and
mail traffic between Calgary and
Edmonton; the other calls for lighter
machines, two or three passengers,
for Calgary-Edmonton and mountain
flight purposes.

All the way from Camrose, Alta.,
to Glasgow, Scotland, unaccompanied,
a distance of approximately
5,000 miles is the record of Donald
James Campbell, nine years of age.
He took the All-Red route of the
C.P.R. across the Dominion to Saint
John, where he embarked on the
liner Montclare bound for Glasgow.
He is visiting his aunt, who lives in
Buxley, Glasgow.

All previous records in connection
with the westbound movement of
grain to Vancouver over Canadian
Pacific Railway lines were broken
during the first two weeks in Jan-
uary, according to E. Cotterell, su-
perintendent of transportation, western
line of the company. Deliveries
at Vancouver by the Canadian
Pacific during the fortnight in ques-
tion totalled approximately 22,500-
000 bushels of grain.

Calgary.—Farm land values in
Southern Alberta are tending to be-
come firm as the result of the series
of good crops, and more inquiries for
farm acreage have been received in
the last few months, according to
real estate men, than in any similar
period in the past five or six years.
Farms offered for sale last spring
at \$15 per acre and bringing no of-
fers are selling now for from \$20 to
\$35 per acre. The demand for farms
both for purchase and rental is
decidedly strong.

In recognition of the fine work
by officers of the Canadian Pacific
Railway and the Canadian National
during the last summer tour of the
second triennial Empire Mining and
Metallurgical Congress, presenta-
tions of gold and enamel cuff links
were made recently to fifteen em-
ployees of both companies, at a
dinner held in Montreal. E. W.
Beatty, president of the C.P.R. and
Sir Henry Thornton of the C.N.R.
were both present.

Snowshoes week in Quebec got
away to a good start when several
thousand members of the Esquatte
Clubs paraded the streets of the old
city and later some 1,300 snow-
shoes in full winter festival cos-
tume made an attack on the walls
defended by the garrison and illu-
minated by a brilliant fireworks
display. The chief center of interest
there is the International Dog
Day which is to be held shortly
and for this, visitors from the entire
Dominion and the United States are
flocking to Quebec, taking the
Chateau Frontenac to its full
capacity. (8)

Stony Plain and District.

His friends here will regret to learn that "Chuck" Chesler, the well-known athlete, broke his collar-bone last week.

Tomorrow (Friday), Feb. 17, the playlet "Poor Father," will be given in Muir Lake Schoolhouse.

Along with the other big deals in lands in this district, there is the rumor that a piece of choice farm land, about 300 acres, with a fine two-story yellow house on it, not many miles from Stony town, will shortly change hands, as negotiations are now under way with this end in view.

Some very reliable authorities have told the Sunman they've seen gophers out gambling in the snow within the past few days. Dwellers down by the river claim to have seen numerous flocks of ducks and geese coming up from the South for upwards of a week.

M. M. Meeklenburg, the well-known optical specialist, will be at the Royal Hotel, Stony Plain, on Friday, February 17th. See him and see well.

Holborn Happenings.

The U.F.W.A. gave a very successful Valentine dance in the Hall on Tuesday evening, the 14th. Tyrrel's orchestra furnished the music.

W. M. Washburn, M. L. A., presided at the meeting held on Saturday evening at Holborn hall of Wheat Pool members.

R. J. Lynn, who farms across the river, is holding an auction sale on Thursday, Feb. 23rd.

The U.F.A. are holding a dance in the Hall on Feb. 21. The Swedish Orchestra, from Edmonton, will furnish the music.

Suing for \$5000 Damages

Richard R. Fitzpatrick, administrator of the estate of Reuben Fitzpatrick, who died from injuries received when his team ran away near Spruce Grove on the night of Oct. 10th, 1927, has filed a claim for \$5000 damages from Ph Schram of Spruce Grove, alleging that it was negligent driving by Schram which caused the team of the deceased to bolt. The claim states that on the night of the accident Reuben Fitzpatrick was driving along the road to Edmonton, and that Schram bumped into the wagon, causing the horses to run away, and dragging Fitzpatrick, who received injuries from which he died four days later.

Duffield Doings.

There will be a nomination meeting in Duffield on Saturday next, to fill the vacancies in divisions 2, 3 and 5, with Mr. J. S. Best as presiding officer. The retiring councillors are—R. C. Howat, Div. 5; E. Tattersall, div. 3; and F. H. Kreye, div. 2. These will probably all stand for re-nomination.

The big hockey game billed here for last Sunday afternoon had to be postponed, owing to poor ice.

Spruce Grove News.

The retiring councillors in Spruce Grove Municipal District are: A. Latimer, Div. 1; Th. Wudel, Div. 3; S. C. Hagen, Div. 5. The nomination meeting will be held on Saturday next in the Community Hall, Winterburn. There is expected to be a contest in each division, with three or four candidates in Div. 3.

Mr. R. Ries, from Killam, was a week-end visitor with Mr. Jac. Brox.

The Ladies' Aid of United Church will hold a sale of home cooking, in the church building, on the afternoon of Saturday next, the 18th.

A letter received this week from Prince George says that Herman Loeblich Jr. is convalescing, at present, from the effects of an injury to his leg.

Get On the Voters' List

E. H. Pidgeon, secretary-treasurer of Inga municipal district, has received a communication from the Dept. of Municipal Affairs, Edmonton, whereby applications from the husband, wife, son, daughter, father or mother of a ratepayer to be placed on the supplementary voters' list will be received up to Saturday, Feb. 25th.

Policing of the Province

In a speech made recently at the U.F. convention in Calgary, Premier Brownlee referred to the proposals which had been made by the Dominion Government in respect to the policing of the Province of Alberta. At present the whole of that tremendous burden is on the province. The force consisted of 150 to 160 men, from the southern to the most northerly part of the province.

The Dominion Government had offered to take over the responsibility. From the standpoint of money only, continued the Premier, there would probably be considerable saving. The question was, whether it was good business to give up the control of a force responsible for the maintenance of law and order and liquor control. We had been very fortunate in Alberta in the enforcement of the Liquor Control Act, the Premier concluded.

Exam. Papers for Next June.

Exam. papers for school pupils of Alberta to puzzle over in June next, are now in process of preparation under the auspices of the Dept. of Education.

A force of paper-setters, appointed last December and made up of inspectors and University men, is at work on these; and the papers these gents draw up are to be reviewed by a revision committee which will sit this month. All papers are to be completed, in readiness for printing, by March 1st.

Special instructions have been given by the Dept. of Education for the framers of the exam. papers to keep closely to the course of study being followed in schools, and a careful system of checking, revising and general overhauling has been devised in order to make the papers as nearly right as possible.

A Promise More Than Kept.

When the publishers of the Family Herald and Weekly Star of Montreal two years ago announced that the owner of the paper wished them to reduce the subscription price from two dollars to one dollar a year, they promised that not a single feature of the paper would be eliminated, but new features would be added, and the paper made more valuable than ever. It is frankly admitted by their million readers that their promise has been more than fulfilled, and today The Family Herald and Weekly Star at one dollar a year is the marvel of the newspaper world. No home in Canada would regret this investment. Just think of a great big 72 page publication at less than two cents per week, and every page of it alone worth the money. No wonder the Family Herald and Weekly Star has over a million readers. It deserves them all, and more too.
